About Work

Girls Program 7.

The Academy helps to make sure that Year 10 students are given the opportunity for Work Experience, and Year 11 and 12 students are provided with Work Placements and Traineeships.

The Academy has personal computers with internet access in your very own Common Room where you can search for jobs, keep in touch with family and friends, or find information for your studies.

The Academy has a unique program developed specifically for girls which focuses on sports and life skills.

The program includes mentoring, sport, outside activities, workplace training, and leadership and teamwork opportunities.

Career Starters

You don't have to go very far to go job hunting as we have all the job ready and career starter tools right here on campus.

We provide:

- Personalised career coaching.
- Mentoring and personal development to assist you throughout your entire education experience and beyond graduation.
- A Workplacement and Workplace Readiness Program which includes traineeships and employment assistance.
- Contacts with local and regional employers, businesses and Youth Pathways to help you get the job or work placement program that you want.

The Academy has been established to ensure you have a successful educational experience which will help you to a successful career and future. Academy staff will guide you to help you achieve your educational, sporting, personal and career goals or aspirations.

Development Officers work with you and provide support and encouragement as role models and mentors. They can assist you in any aspect of your school and personal life. More importantly, they will offer you a sympathetic and friendly ear that does not judge, criticise or cast blame. They are there to help you through all the good times and the bad, so please use them at any time you think you might need them.

There are also other activities that the Academy assists you with including grooming and deportment and cultural experiences.

You have access to coaches and leading sporting role models who will help develop your game and skill development in your chosen sport.

Sport and physical activity form a major part of the Academy and is held during and after school.

Activities include:

- Individual sports coaching, training and skill development; and
- Participation in sport, physical activities and team games in local and country areas as well as attending interstate netball competitions and sporting carnivals.
- Basketball Tour of USA
